Tentative Training Programme for FY 2026-27

Detail of training programme (Animal Science)

Title of training programme	Venue	Duration (Days)	Participant (No.)	Month
Farmers and Farm Women training				
Composite fish farming	Off	1	25	May
Green fodder production for livestock	Off	1	25	June
Feed and disease management of goat	Off	1	25	July
Balanced Feeding and Health Care in Dairy Animals	Off	1	25	August
Feed management of poultry	Off	1	25	September
Scientific rearing of pigs	Off	1	25	October
Vermicompost production from animal waste	Off	1	25	October
Feed production of fishes at village level	Off	1	25	November
Feed and Disease management of poultry	Off	1	25	December
Disease management through vaccination in livestock	Off	1	25	January
Feed management of pregnant and milch animals	Off	1	25	February
Milk by-product production (curd, paneer, ghee etc)	Off	1	25	March
Rural Youth cum Vocational training				
Goat Farming	On	5	25	September
Pig Farming	On	5	25	December
Vermicomposting and Organic Waste Management for Income Generation	On	5	25	January
Extension functionaries training				
Forage and fodder crop cycle For Livestock	On	1	25	August
Disease management in livestock	On	1	25	November

Detail of training programme (Plant Protection)

Title of training programme	Venue	Duration (Days)	Participant (No.)	Month
Farmers and Farm Women training				
Management of viral disease in lady's finger	Off	1	25	May
Seed treatment in major Kharif crops	Off	1	25	June
Important insect pests of maize and their management	Off	1	25	July
Important insect pests of paddy and their management	Off	1	25	August
Important diseases of paddy and their management	Off	1	25	September
Management of wilt diseases in solanaceous vegetables	Off	1	25	October
Late blight disease of potato and their management	Off	1	25	November
Bee Keeping	Off	1	25	November
Aphid management in mustard	Off	1	25	December
Pod borer management in pulses	Off	1	25	January
Insect pests of mango and their management	Off	1	25	February
Management of insect pests in natural farming.	Off	1	25	March
Rural Youth cum Vocational training				
Production of organic inputs	On	5	25	September
Mushroom Production	On	5	25	November
Extension functionaries training				
IPM of Rice	On	1	25	August
Importance of bio-pesticides	On	1	25	November

Contact Person: Dr. Surya Bhushan, SMS (Plant Protection)

Mobile no.: 8084627697

Detail of training programme (Horticulture)

Title of training programme	Venue	Duration (Days)	Participant (No.)	Month
Farmers and Farm Women training				
Management of newly established mango orchard	Off	1	25	May
Nutrient management in mango orchards	Off	1	25	June
Techniques for nursery raising of solanaceous vegetables	Off	1	25	July
Production technology of Papaya	Off	1	25	August
Scientific cultivation of tomato	Off	1	25	August
Scientific Cultivation of marigold	Off	1	25	September
Cultivation techniques of cole crops	Off	1	25	September
Production and management technology of high value crops	Off	1	25	October
Production technology of Gerbera	Off	1	25	October
Scientific cultivation of seed spices	Off	1	25	November
Package and practices of cultivation of onion	Off	1	25	December
Scientific cultivation of okra	Off	1	25	February
High density orchard of guava	Off	1	25	March
Rural Youth cum Vocational training				
Nursery Management of Vegetables and Flowers	On	5	25	July
Plant propagation and Nursery Management of Fruit crops	On	5	25	November
Extension functionaries training				
Role of micro irrigation in horticultural crops	On	1	25	September
Promotion of Natural farming	On	1	25	November

Contact Person: Dr. H. K. Chaurasia, SMS (Horticulture)
Mobile no.: 8084627697

Detail of training programme (Agril. Extension)

Title of training programme	Venue	Duration (Days)	Participant (No.)	Month
Farmers and Farm Women training				
Method of rain water harvesting	Off	1	25	April
Method of soil sample collection for analysis	Off	1	25	May
Integrated farming system	Off	1	25	June
Formation & Management of SHGs	Off	1	25	July
Millets production under Natural Farming	Off	1	25	August
Entrepreneurial Development of Farmers	Off	1	25	September
Market linkage of SHGs Produces	Off	1	25	October
Formation and management of FPOs	Off	1	25	November
Techniques of soil and water management	Off	1	25	December
Awareness programme about PM KISAN	Off	1	25	January
Awareness programme about VB-G RAM G	Off	1	25	February
Marketing Linkage of FPOs	Off	1	25	March
Rural Youth cum Vocational training				
Integrated Farming System	On	5	25	September
Natural farming input production technology	On	5	25	October
Extension functionaries training				
Market linkage of Millets produces	On	1	25	August
Organic Farming	On	1	25	October

Contact Person: Dr. Ritesh Dube, SMS (Agril. Extension)

Mobile no.: 9153168194

Detail of training programme (Agronomy)

Title of training programme	Venue	Duration (Days)	Participant (No.)	Month
Farmers and Farm Women training				
Soil sampling methods and fertilizer recommendation	Off	1	25	April
Resource Conservation Technologies for Sustainable Crop Production	Off	1	25	May
Nursery management of paddy for SRI method	Off	1	25	June
Production technology of millet crops	Off	1	25	July
Agronomic practices of seasonal fodder crops	Off	1	25	August
Production technology of rabi maize crop	Off	1	25	September
Nutrient management in major oilseeds of rabi season	Off	1	25	October
Production technology of rabi pulse crop	Off	1	25	November
Integrated nutrient management in cereal crop	Off	1	25	December
Weed management in wheat crop	Off	1	25	January
Production technology of sugarcane	Off	1	25	February
Nutrient management in summer green gram	Off	1	25	March
Rural Youth cum Vocational training				
Seed production technology of rabi pulses and oilseeds	On	5	25	September
Integrated Farming Systems for Sustainable and Climate- Resilient Livelihoods	On	5	25	November
Extension functionaries training				
Major technology of enhancing yield and productivity of major kharif crops	On	1	25	September
Importance of green and brown manuring for sustainable crop production	On	1	25	November
