

Success Story of Bee Keeping

Points	Area to be covered
Tittle of success story	Bee keeping become base of livelihood
Name of farmer and detail	Sri Abhinandan Kumar (Teliabathan) ,Po- Kolwara, Block- Parbatta, Mob- 9153070480
Situation analysis	Economic condition was very weak, landless, only source of income was rental agriculture land, But health, children education daily household requirements was not fulfilled by rental land. They are homeless, and were taking shelter on branda of neighbour . Sri kumar come in contact with KVK Scientist for training on Bee Keeping during 2023 & taken training on Bee Keeper of 10 days and started bee keeping from 20 Bee boxes.
Steps taken by KVKs	KVK Provide 10 days training on beekeeping and also supported by providing 20 bee boxes under horticulture mission with the help of DHO.
Detail of technology demonstrated	Sri Kumar started bee keeping with 20 boxes after completion of training. They have multiplied honey bees boxes upto 35 from 20 boxes and 300 kg total honey production.
Most success points	Sri. Kumar established processing plant during 2024 of honey with the help of KVK and union bank. They also earned income from bee keeping & processing of honey of other bee keepers.
Result/Output	At present Sri Kumar have 150 honey boxes and production of honey 60 quintal after processing of honey and sale honey @ Rs. 400/ kg . He earned gross income Rs. 2,40,000/- and net income Rs.. 1,40,000/- . Mr. Kumar and his family now very happy with such type of entrepreneurship and completely engaged in bee keeping.
Outcome	Sri kumar earned Rs. 1,40,000/- per year other than honey boxes. The number of honey boxes also increased, which helps in income generation.
Farmer feedback	They also motivated other Rural Youth, farm women for bee keeping. Now a days 250 rural youth & farm women have taken honey bees training from KVK Khagaria and out of which 25 youths are doing bee keeping with the help of Mr. kumar.
