For Omega Telesolutions

Introduction:

We at Omega Telesolutions propose to design, develop, and/or maintain the Clients Website.

Company Profile

OMEGA TELESOLUTIONS was founded with the vision of producing innovative and affordable IT Enabled solutions to enable humanity to explore the opportunities and services we provide. To realize this vision, we will continually communicate with, and learn from our Customers, in order to improve our products and services. And, we will keep tune with the technology, no matter how fast it moves, to ensure our Customers always have the best service available to them.

OMEGA TELESOLUTIONS is located in Central India (Nagpur), was established in 2007 as an Information Technology Enabled Service (ITES) provider Company. The Company has established in the industry by its highly dedicated Professionals to provide total IT enabled solutions under one roof. OMEGA TELESOLUTIONS possesses the latest technology to deliver excellent quality service with best turn around time.

We are into state-of-art infrastructure with high end PC's and dedicated server which, enables us to be competitive both in the domestic and the global market.

Exceptional functional and technical expertise coupled with extensive industry knowledge makes OMEGA TELESOLUTIONS the ideal choice for the customers or clients to manage their outsourced assignments.

OMEGA TELESOLUTIONS is in web designing and into marketing and selling of school related systems. We specialize as campaigners- assisting you to communicate quickly and help in Sales & Advertising with a sense of customer support and care. We follow global data security standards and offer a trusted environment.

Web Development Timeframe – the time period for developing the website will depend upon the number of Pages and features that will be included.

Revisions – We could make revisions to your website after the design has been completed. We work closely with all our clients in making sure their websites are up-to-date.

Support Staff:

Omega Telesolutoins has a team of dedicated professionals. Each employee receives extensive technical and customer service training to ensure that you always receive friendly and accurate responses. All representatives have extensive technical background in handling websites and managing networks. They have been also trained in the languages of HTML, Javascript, PHP, ASP, and more.
